## JOB POSITION

### About Accelerat

Accelerat is a dynamic deep-tech startup company that provides advanced software solutions to guarantee high levels of cyber-security, safety, and time-predictability at the edge for next-generation cyber-physical systems, like autonomous vehicles, factory automation, and advanced robots.

As spin-off company of the Scuola Superiore Sant'Anna of Pisa, innovation is part of our DNA, meeting and solving the challenges of the ever-evolving cyber-physical world.

**Opportunity:** Join Accelerat family as Part-time Full-stack Developer

**Location:** Hybrid. When in person, at Polo Tecnologico di Navacchio, Cascina (PI)

**Company Vibes:** Tech enthusiasts 🚀, but also fun enthusiasts 🍷! At Accelerat, we're not just creating a safe and secure future, we're throwing a party, and everyone's invited!

### Required Skills

- Master's degree in Computer Engineering or related field required
- Experience in UX/UI Test design and automation
- Experience with Docker Container, Electron Framework, React, etc.
- Experience with AWS
- Good debugging and problem-solving skills
- Good knowledge of software design principles
- Good knowledge of Python and Bash scripting
- Excellent knowledge of software versioning systems (e.g., git)
- Good knowledge of the English language (B2)
- 😊 Team player vibes – we're all in this together, like a tech Avengers squad
- 😊 The ability to turn caffeine into vibrant code (we provide the coffee, you bring the magic)

### Nice Superpowers to have:

- Experience with CI/CD
- Good knowledge of embedded systems

### Responsibilities

The candidate will be responsible for designing, implementing, and maintaining the infrastructure and front- and back-end software stack of Accelerat's products and systems.

### Mood & work approach

Picture this: Flexible remote working policy, possibility to travel, epic team outings, and a vibe that's more startup fiesta than a regular 9-to-6

## How to Join the Party

Ready to meet such a nice family? Send your CV to [info@accelerat.eu](mailto:info@accelerat.eu) or apply at <https://accelerat.eu/life-at-accelerat/work-with-us/>
