JOB OPPORTUNITY

About Accelerat

Accelerat is a startup company that provides advanced software solutions to guarantee high levels of cyber-security, safety, and time-predictability for next-generation cyber-physical systems, like autonomous vehicles, factory automation, advanced robots, and any other safety-/security-critical embedded system. As spin-off company of the Scuola Superiore Sant'Anna of Pisa, innovation is part of the DNA, meeting and solving the challenges of the ever-evolving cyber-physical world. Accelerat currently provides three software products: CLARE, AI Bunker, and Bunker for Linux.

Opportunity: Join Accelerat family as **Visual Content Designer (Freelance)**

Location: Remote/Hybrid. When in person, at Polo Tecnologico di Navacchio, Cascina (PI)

Company Vibes: Tech enthusiasts 🚀, but also fun enthusiasts 🎉! At Accelerat, we're not just creating a safe and secure future, we're throwing a party, and everyone's invited!

Required Skills

- Proven experience (3+ years) in visual/graphic design for tech companies (B2B preferred), preferably for embedded systems, cybersecurity, IoT, or safety-critical industries
- Strong portfolio demonstrating digital content for brand + marketing (LinkedIn/social campaigns, websites, presentations)
- Able to manage content production autonomously with minimal supervision and within set timelines
- Able to translate complex topics into clear, elegant visuals
- Familiarity with product storytelling and B2B content formats (case studies, one-pagers, infographics)
- Comfortable working with tools like Figma, Adobe Creative Suite (Illustrator, Photoshop, InDesign), After Effects, Premiere, and similar

Nice-to-have:

- Prior success in deep-tech products or startups
- Experience in the Automotive, Railway, Industrial Automation, and/or Robotics domain
- Fluent in English

Responsibilities

Collaborate with the technical and marketing team to create visual contents (static posts, carousels, branded visuals, short-form motion as simple animations, teasers, web assets such as icons, illustrations, banners) for whitepapers, one-pagers, pitch decks, flyers, case studies, blog entries, solution briefs, press releases, LinkedIn contents, booth show graphics at events (panels, roll-ups), and other digital/printed materials that clearly explain the value proposition.

Collaboration model

- Freelance (VAT/Partita IVA)
- Part-time: ~10 hours/week (average), with potential initial boost of ~20/30 hours/week for 1 month
- Work mode: Hybrid in Italy or fully remote

How to Apply

Send your CV (required), your portfolio (required), and your hourly rate or expected monthly fee to hr@accelerat.eu or apply at https://accelerat.eu/life-at-accelerat/work-with-us/
